Whenever I need any type of home repair, roofing, windows, etc, I always call Holladay Grace. I know a good job will always be done. I have used them for over 11 years and will continue to do so.

Justus was wonderful at educating us on the levels of roofing and installation. Although the crew left materials & a bit of a mess behind, and nicked our siding in several places, overall, we are happy with the new roof we received.

I had a different project where my insurance company was involved. They were super patient and great throughout the process. They were really nice to deal with all of that with me.

★★★★★

Holladay Grace Roofing is efficient and professional and they provide excellent customer service. The only issue I had after the roofing installation was addressed promptly and cheerfully and we have had no issues and I would use them again.

Holladay Grace Roofing did a project that had 15 different roofs. All of the 95 owners under those 15 roofs were very satisfied with the project throughout its entirety.

Holladay Grace Roofing, Inc. wonderful family run business with a good history and a good reputation. I would just strongly suggest to anyone interested in their services to be sure to read all of the agreements closely before the work begins.

This is the second time I've had roof work done by Holladay Grace Roofing. The first time, they repaired a leak around a skylight. A number of years later, they replaced the roof on my house and shed because of hail damage, while also replacing a gutter. The work was done well and the cost was consistent with the insurance settlement I received. And when a salesman knocks on my door to try to talk me into letting them look closer at my roof, it's really nice to be able to say, "No thanks. I already have a roofing company that I work with."

Everyone at Holladay Grace is extremely friendly and helpful. Setting up an appointment was easy. Kurt came out answered a lot of questions and provided me with a repair estimate right away. There was no pressure to sign a contract (had 3 different contractors giving me estimates. One was extremely pushy - even I told them I would get an estimate only and then make my decision). Definitely will recommend and work with Holladay Grace Roofing again.

From the folks in the front office to the installation crew, Holladay Grace Roofing proved to be entirely professional and experts in their field. They went above and beyond in providing detailed information to assist me in filing an accurate insurance claim. Challenged by several weather delays, they were flexible, responsive and they kept me informed of all scheduling changes.
