This is an excellent home improvement company.

I must say my house looks great!!! I had sliding and gutters put on my house. The work was top notch. I have only one problem. I had gutter guards put on the house and I didn't order it. I am still trying to communicate with Michael McIntosh to get those removed with no success. Can someone please...

HCR replaced all my windows (16) in my 24yo townhouse. The installation was efficient and flawless. There have been no leaks, and all are functioning perfectly.

Love our new windows. Strong and durable. Our house is a lot quieter now, we don't hear the outside noise like we used to.

I think Homefix Custom Remodeling did an excellent job. I really appreciated that after they were finished the office called to make sure I was satisfied with all of their work.

Homefix Custom Remodeling made the process very simple and the job was finished quickly.

I had my siding replace/garage and the guys were great. I look at my siding everyday and very please. GREAT JOB!!!!

I was a little skeptical at first because they were not the least expensive patio door solution I looked at. But I got a quality door that looks marvelous on my home. Everyone was friendly and professional. I was called when the door was in to schedule an install. On the day of as they were on time and...

Our experience with the company was amazing. They were very easy to work with. We were very satisfied with the entire process from start to finish.

The supervisor that did the roof went out of his way to respond to a possible issue that we had with our screened in porch roof. He resolved that for us very well.

We are very satisfied with our experience. Our roof was coming to the end of its lifespan and needed to be replaced. The sales representative who met with us was very professional and courteous. He walked us through all of the building material options, explained the procedure of what would be done,...

Homefix Custom Remodeling did a great job on our house. The people were friendly, informative, and answered all of our questions, before, during, and after the work was done. The supervisors checked in to see how everything was going at least once each day. The workers were pleasant and diligent and...

This company is extremely professional. The crew was on-time, and finished what ended up being a big job in 13 hours. The crew was respectful of my home, my family and cleaned up whatever mess was created by replacing the roof. I would highly recommend this company.

I continue to be highly impressed by the quality of my new windows and service installation. I couldn't be happier!!

Homefix Custom Remodeling arrived on time and the went to work right away. They did an outstanding job. They also cleaned up after the job and left it cleaner that it was before they started. Very professional and checked with me to make sure I was satisfied. I highly recommend this company. They...

I am very impressed with the company from the day I met the salesperson, to getting a follow up call to make sure it was satisfactory!

The price was great and they did a really great job on the insulation. They were friendly and quick. The only complaint I have is that when they opened the screen door to hold it open, they opened it so forcefully that it messed up the hinge and now my screen door needs the entire hinge to be replaced...

They did a fast job. Excellent job. Great clean up no complaints.

The installers did a great job. They were quick, efficient, and I have had a pretty good experience with them.

I was very pleased with the process and installation of my new windows. Both the staff and the product is top notch.

Installation crew worked hard and did a nice job. Cleaned up afterwards and were polite. Would recommend them to a friend or family member.

I was truly impressed with the team that came to redo our roof. They were courteous, clearly skilled, worked well together, open to my questions to which they gave respectful responses. At the end of the day it was hard to believe they had been there, given how well they cleaned up. Altogether a positive experience.

The people that worked on my house were wonderful. Their attitudes were great.

Homefix Custom Remodeling is now the first name I think of when I think of any kind of remodeling work on a house.

The HCR roofing employees were very courteous, neat (putting down plastic around the house to catch the falling roof debris), and worked quickly, getting the roof finished in less than one day. I also had this company put in insulation in the attic and they always put on carpet protectors on their shoes...

They came in, were very efficient, on time, completed the job in one day, and did good clean-up.

We are very pleased with our new windows and with the installation and service provided by Homefix Custom Remodeling.

Andy was professional and quick service.

My experience with Homefix was very positive. They called and kept each appointment as promised. The workman were on time and very professional. I love my new windows.

Fast quality work and great service!
