5 stars++++. We looked at 3 other builders, never thinking we could afford a home built by Homes by Eagle. We came close to making a huge mistake but then we met with Shane and couldn't be happier. The process was smooth, painless and actually fun. Shane was respectful of our time, worked around our schedules and built our dream home that we didn't think possible in our price range. Having a showroom was wonderful! I wouldn't recommend any other builder. Watching other homes being built around us proves what effort Shane puts into his homes, he is on sight every day and sometimes more than once a day.

Working with Eagle was one of the best experiences I have ever had. Going into my first home build I was nervous, but they made it extremely comfortable and I felt confident in my choices. Throughout the build, they kept everything on time or NOT ahead of schedule. Any issues, which there were very few, were addressed immediately. I would highly recommend Eagle construction to anyone!
