Gina & Reggie were amazing to work with, especially since financing on my end starting to become an issue. They were extremely willing to work with us to stay within our budget. I'll be using them to work on 2 additional houses within this year.

I hired IPO Windows Direct to replace the windows in my home and install siding. The salesman was very professional and provided detailed costing options. The installation team was prompt and professional. I highly recommend Reggie and his technical team if you need to have windows replaced and siding installed!

Buying any home improvement is expensive. Other companies pressured me and made me feel bad for not going with them. However I.P.O. took the time to educate me and made me feel like I made a good decisions. They also provided good service. Time is very important to me and they were there when they said they would. My project was not biggest but they made me feel like it was.

I can't believe how simple and painless the process was. From the online quote to the day of install, there was absolute no pressure salesman to deal with and the windows are more than I could've thought I could get for me budget. I will be using them to replace my doors when the time comes.

Aug 20, 2015

I would highly recommend this company to anyone that is looking for quality windows at a very fair market price. I had 20 old aluminum windows and a sliding glass door removed and 20 high quality new vinyl windows and door installed in just one day. The company provided sufficient professional workmen on the job to make this happen. All the windows tags and labels were removed, the windows were cleaned and sealed, and every bit of old windows and installation scraps were picked up. Job well done!!!
