★★★★★

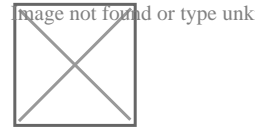

Joshua Hetzler and his team did a great job installing a new roof on my home. It took them one day to finish the work and when they left they left my property clean and tidy. I would recommend their work to anyone who needs a contractor.

Replaced my asphalt roof at a fair price and the work was high quality. Also, my landscape looked just like it did before they started, no nails or old shingles left behind.

REVIEW

Although we found a small leak at the top of the roof, there was no damage and Joshua had it promptly fixed.

★★★★★

Josh is a man of his word. He did everything that he said he would. I admit, I am a demanding customer. I had my own ideas how I wanted my skylights trimmed, and the Josh accommodated me. What I wanted was probably overkill, (we could have reused the existing flashing, but I have insisted to rip it off and re-doing it from scratch. Josh stuck around and personally helped out with trimming out the Skylights exactly how I wanted it. One of the reasons I went with him is because he is in Owens Corning's network, so that he is able to offer the OC System Protection warranty, which I have just received in tghe mail. This is a fantastic value.

Joshua Hetzler, General Contractor, His workers were a half day early and proceeded to strip my garage roof in a very organized, professional manner. The roof was covered with asphalt paper. They Finished with a GREAT job completed! The work and materials were top of the line. I am very satisfied. I would highly recommend Joshua Hetzler to any one needing this type of project completed.

They do a very professional job, work hard, and work fast.

REVIEW

Eric T.
Somerset, MA
Mar 29, 2016

I think Joshua is very professional and fare. He went above and beyond when the company that delivered the product to my home, they left tire tracks on my lawn. Joshua rectified the situation by giving me a small refund to fix my lawn. I will highly recommend them to other customers.
