King installed a new front door. We had met with Peter, King's sales person, and he was very thorough in describing the advantages of different doors and the styles available. The star of the project was Henry the installer. He did a very professional job of removing the old door and framing and installing the new door. The carpentry he did to accommodate the type of door trim we needed was outstanding. I could not recommend him more highly. Very pleased with the work they did.

I needed new gutters. The few other places I called wanted to clean the gutters first, charge me for that, then replace them. King Remodeling sent out Mr. Body who assessed what I needed and took measurements. "Why would we clean them when we are about to replace them," he said, which was exactly what I wanted to hear. He was honest with me about gutter guards being unnecessary considering I do not have any trees on my property. I was pleasantly surprised when I came home and saw the job was done. Whoever installed my gutters did great job. I previously had drainage problems but with the new down spouts I haven't had any at all.

Freehold, NJ  
Dec 06, 2012

The cost of the doors that King Remodeling offers was competitive and the quality was good. However, the workmanship and the final cosmetic appearance was not that good, which is probably due to the skill level of the people who did the work.

REVIEW

Nutley, NJ  
Oct 03, 2012

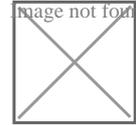

King Remodeling was my first estimate, however I had a feeling I wouldn't need others. Three other estimates were higher with longer waits until installation. Delivered and installed on predicted dates. True professionals from initial contact (Alex came out to measure and price on Labor Day!!)

★★★★★

Our job involved both replacement of windows, new vinyl siding and replacement leaders and gutters. We were very impressed by the quality and price of the job. Our house looks so much better! We feel that Alex understood our requirements and recommended the best materials to meet our needs and budget. All the crews worked quickly and neatly. We would recommend King to anyone in the area who needs work done on their house.

★★★★★

My neighbors were very impressed with King Remodeling's roof crew in so far as they were very neat, organized, and efficient. Also, they put everything back including the Direct Satellite TV and did a great job cleaning my property. I was also impressed with the dumpster and fork lift drivers. They did a great job maneuvering in our street with the traffic and parked vehicles. The Timberline roofing system is awesome. Overall, the entire experience was smooth. King Remodeling was great at accommodating all my requests. It was my pleasure working with them and I look forward to working with them in the future.
