Kitchens By Design did a marvelous job on our extensive kitchen remodel. We are extremely pleased and happy with our new kitchen and spend more time than we have ever spent enjoying family and friends around our new large walnut topped center island. Kitchens By Design turned our 80's kitchen into a beautiful masterpiece!! After highly recommending Kitchens By Design to a friend, they also have a beautiful remodeled kitchen they love.

I am very pleased with my kitchen. The design is perfect. Our children and grandchildren were all able to fit in one room for Thanksgiving and I was able to cook the turkey in my new oven, which I love! I also love the added deck and can't wait until we can "try it out" in the Spring.

Their company is wonderful. They did our whole kitchen before. The work was perfect. We did another project and hired them again. They are excellent.
