We had Woodys complete a bathroom update including adding granite countertop, under mount sinks and replacing plumbing fixtures and shower door. We found them to be very pleasant, responsive to our needs, and efficient. The project was quickly scheduled and completed. Any concerns we had were also corrected quickly. We are very satisfied with our updated bathroom and would heartily recommend them.

They were excellent, all of them. I tell everybody that they did a beautiful job. They were so nice and courteous, and I would never let anyone else do the work.

I was very satisfied with the work that was done because I was left in the lurch with another company, and they came right in and took over. They did everything that I wanted, and I am very pleased with the workmanship and the quality of the products. I would certainly recommend them to anyone.
