LJ Huseby & Co has been fantastic to work with on 2 bathroom remodel projects. Huseby helped us create unique designs for each project. They were very resourceful in pulling in just the right designer for the project. Their expert craftsmen were extremely capable to create whatever was needed for the project & very attentive to details. All workers were delightful, honest, trustworthy & easy to work with. They all cared about doing a good job and creating an outstanding product. Superior customer experience all around!

I thought they were wonderful! We dealt with Tom and Wayne and they were both great. Anything that came up Wayne knew how to deal with. We used them on two separate projects.
