Upon completion of our first floor project, it was like moving into a new home! We are very happy with the new layout and openness of our renovated kitchen and family room which included slight modifications to our foyer and dining and living rooms. We are glad that they opened us up to re-designing the main floor as opposed to only making cosmetic changes to our kitchen and family room. Lefko has an excellent project process commencing work only after the design and planning phases are satisfactorily completed which makes for a smooth work schedule. Their workers and subs are top-notch. Most importantly, they listened to us and responded throughout the entire project. We recommend calling Lefko for your home project.

Every aspect of my experience with LEFKO Renovations has been incredibly positive. Beginning with David who is exceedingly professional, knowledgeable, talented, and demonstrates in every conversation that I mattered as a customer. He was thorough when it came to discussing what I imagined as the goals for the project, his vision for how it would meet my description, the quality of materials, the quality of the workers, the speed of their work, the care of my home during the project, and their consideration of price and of time. Every aspect of my project was wonderful.

My husband and I were first introduced to Lefko Renovations a few years back when we were looking to remodel our first home. Through many conversations and guidance they helped us and have worked on several projects throughout the years. These latest rounds of renovations were the largest and most detailed. They took on 5 separate projects and managed them to perfection. Not only did they keep us informed every step of the way, the detail oriented nature of Lefko's work far supersedes any of the contractors we initially bid the project out to. They came in 2 weeks early ahead of schedule and we couldn't be happier. We highly recommend them for any redesign or new design for your home. We will continue to use them in the future for any work needed at our house.

We found working with this company gave us a sense of security in that they would deliver what we had contracted for in our home renovation. They end product is beautiful. David was always there for us and communicated daily and in a timely fashion. This made us feel comfortable as we had never renovated a house before.

David is really well organized and he has developed a process that works well. He set a schedule and ensured that his team completed our project on time despite inevitable obstacles. The quality of the work is exceptional. David cares very much that things are done right and we appreciate how he is constantly trying to improve his customer's experience for every aspect of a renovation project, and that says a lot. We would happily recommend him to our friends.

Working with Lefko was a good experience. I found their quality standards to be very high. If something wasn't quite right they got it corrected, usually before I even mentioned it. There was no cutting corners. The quality of materials and workmanship was wonderful. All of the subs that I met operated with the same high standards. My project manager was on top of the work being done in the house and provided updates. When something unexpected occurred (as will happen with a whole house renovation) we worked together to determine what to do. I'm very happy with the house and would work with Lefko again.

Lefko helped to make our second floor remodel worth the effort and disruptions it took to get the job done. The attention to details that went into planning, selections, and scheduling their crew, plus subcontractors, kept the project organized. When unforeseen changes were necessary, Lefko helped in many ways to work with us and made every effort to minimize disruptions, keep us on schedule, and on budget. Every single Lefko employee that we came in contact with was exceptional in professionalism. We are very pleased with our project.

We are extremely pleased with our master bathroom renovation and have received many compliments from our friends and family. Everyone involved with the project did an excellent job. Cleaning the home each night before they left was very much appreciated. We also appreciated the flexibility of everyone to meet with us at our convenience, the quick response to any question, and making sure we stayed within budget. Overall a very positive experience and will certainly use Lefko Renovations again for future projects!

Great People at Lefko Renovations. Felt very comfortable leaving our house open all day during the project. Our house was clean and tidy after each days work. The project manager secured the premises at the end of each day. Many companies provide superior quality work as does Lefko, but, Lefko's people make the difference.

This is the first time my wife and I worked with a professional contractor. David and Mitch communicated with us daily and responded appropriately to our concerns. Their work was exceptional and I trust them to do the right thing. We will use this company again because they are professional, trustworthy and good people-from David to the painters, plumbers, electricians, tile masons and other sub-contractors.

Lefko not only created the most beautiful master bathroom for us, but did it in the most professional manner. The site was kept clean and the workers were prompt and courteous. Lefko went over and beyond to make sure the process was easy and that we were happy from start to finish. We would absolutely use them again and again. We give them a A+ !

This summer we contracted with David Lefkovits of Lefko Renovations to remodel our guest bathroom. Right from the beginning, David was very communicative and made the decorative selection process very easy. The bathroom turned out perfect and we then added an update and extension to our deck. We were so pleased with our new deck, we added all our exterior repairs including painting, fencing and re-screening our sun porch. The crew worked diligently through the hot summer days and completed everything on our wish list to our complete satisfaction. We highly recommend this company for all your home remodeling and repair needs.

We can't say enough about the high quality work, the willingness to listen and adjust as the project progressed. Communication was beyond expectations. While we were on vacation we received daily updates and digital progress shots which kept us in the loop the whole time. We rave about them to anyone we talk to and when people see the work for the first time they always go WOW - who did this?

Jul 20, 2011

Lefko Renovations renovated two bathrooms in our house at the same time. We were amazed that the project was finished in about three weeks. Marc was on the job site at least once per day and was able to keep us informed as to what was going on at all times. The Lefko crew was clean, courteous and efficient. Our bathrooms are amazing! I highly recommend this company for any job, as I know they will do an excellent job.
