When we had some wind damage to my new roof, legacy responded immediately and repaired the damaged pipe boots. They are not only very good at the initial installation but also at the very important aftermarket support. I highly recommend Legacy for any roofing needs.

Great crew! We were surprised, what with the usual reputation roofers have! A different breed altogether; thank you Marcel, Rudy, Brandon and the whole crew! Susan and Tim

Very satisfied with every aspect of our business exchange with Legacy Restoration. They went to bat with our insurance company, did the "leg work" with the homeowners association, and installed a quality shingle. Thank you.

I am very pleased with Legacy Restoration and the work that was done very professionally on my home. Most impressive was the rapid responses to my questions especially by Mike Burns, Victoria, and Mike Pondell. I highly recommend Legacy Restoration to anyone in need of repair or restoration work.

I would never ever recommend them to anyone. I don't know about everyone else's experience, but my experience was horrible. It wasn't because of the work, but their ethics were horrible.
