I called them to tell them how pleased and impressed I was with the work, their professionalism, and how knowledgeable they were. The homeowners near me who had work done told me that they wished that they had gone with MN Home Improvements

MN Home Improvements did an excellent job on replacing our deck and were great to work with. They gave helpful suggestions on making improvements during the process and kept us updated throughout the project. And at the end of each day the site was cleaned and organized.

Salesman was at first good at return phone calls but later in the project didn't return phone calls at all also they had a dumpster placed in the driveway blocking on off the garage doors which was in the way for 9 days before it was finally remove, and in the mean time it became a public dump site . Old TV's where placed in the dumpster and MN Home Improvement refused to do any thing the situation, which cost us \$60.00 to dispose of. The dumpster should have been removed 5 days earlier.

We had a little difficulty with our insurance company. They didn't want to allow us enough money to do the job properly. Rob from MN Home Improvements contacted the insurance company and sent out a new adjuster and got everything taken care of for us.
