Nice workers. Nice salesperson. Nice foreman. They did a good job on the roof. With the exception of the communication of what was important to me.

Millersberg went above and beyond for me. They did other repairs that they didn't need to do and still came in cheaper than they were supposed to.

They went out of their way to do extra things that weren't on the punchlist, and also took care of some items my wife was interested in.

Millersberg was very professional in their approach and consistent workmanship. They attended to problems that weren't a part of the original contract, and they followed it up very courteously. I made a referral and got a check in the mail!
