I found this company to be absolutely polite and professional, from every person I dealt with. From the person, I dealt with at the home show to the lady on the phone to particularly the guy that did my measurements to the installers. I have never had a company from beginning to end where there has been no problems or disappointments. I love these guys.

We are precise and particular and had some unusual features to our project. Overall, Patrick's team did an excellent job. They were a bit late in starting the project and it took a bit longer than expected, but they were in communication and added the necessary staff to get the job done within a few days of the date promised. We would absolutely recommend them to our friends and family.

From start to finish, Patrick and his team were knowledgeable, responsive to our questions and helpful in suggesting the right products to keep within our budget. On the day of the installation they were super organized, they clearly have a good, methodical working system down. The crew was polite, clean in their work and appearance and very respectful. They replaced 18 windows in our home and every one of them came out great, on the inside and on the outside. We are very pleased with the quality of work and professionalism that Kubala Home Improvement demonstrated inside and outside of our home.
