I'm well satisfied with your fees for the renovations consult. It is well deserved. Your services have been invaluable. You and your staff were attentive to my professional requests and easy to work with. You were always gracious and made me feel welcome. And as our work together progressed you became a trusted friend. I will highly recommend your services whenever the opportunity arises. Thanks.

Quality Renovations & Home Services did a wonderful job with our kitchen remodel! The attention to both detail and quality were superb. Steve Messner was a great project manager who went out of his way to make sure that we were happy with both the product and the process. We would not hesitate to recommend this company to a friend.

It was a pleasure having Pat and his staff/contractors in our home. They were very conscientious of our "having to live" in our home as they were working here. We were very pleased with the subcontractors he brought in as far as professionalism and quality of work. He really helped us achieve what we wanted in our home. Communication was good for the most part and we were encouraged to let them know if we had any concerns or questions. Thank you Pat, we will definitely use you for any projects we have in the future!

Pat was more than professional and he was extremely personable when it came to looking at our needs and being able to fulfill our requests. He went above and beyond in trying to find material for our hose that hasn't been made for many years. Even though he didn't find it, he brought multiple samples to match up with what we had. Little things like that, really showed his need to go above and beyond to make the customer completely satisfied.

We really enjoyed working with Pat Dion and Quality Renovations. Our job was pretty small but we never felt like we were less important than his larger jobs. We also liked all the subcontractors that Pat hired to work in our home. We will definitely be calling him when we're ready to remodel our bathrooms. Highly recommend!

I was completely satisfied with Quality Renovations work on my behalf. The persons involved with the planning, estimating and overseeing my renovations were courteous, very kind and fun to work with. I felt I had superior expertise and experience in the planning and carrying out of my needs. A professional demeanor gave me confidence in my contractor. I am very satisfied with the whole experience and certainly with the finished project. I have no qualms about recommending Quality Renovations to my friends and using Quality Renovations again as the opportunity arises.

I have never had the opportunity to use a home contractor before and didn't know what to expect, but Pat Dion led me through the process and made everything clear from the very beginning. He gave me printouts of the time table and what to expect every step of the way. His humor and professionalism made every step a pleasure. My dogs immediately became comfortable with the workers and I never felt uncomfortable about either being there or not being there. High praise and high honors for Pat Dion and Quality Renovations!
