My overall project is complete at this time. Project ran a little longer than expected to complete the work. The glass is another story as it's supposed to take 10-14 working days after the shower is complete. Needless to say it took almost a month to get my shower glass installed so that I could use it as intended.

This was the second project Re-Bath has done for me. In both cases they have done exceptional work and I have been satisfied both times.

Re-Bath was very professional, punctual and their work was flawless. I would highly recommend them to anyone. I think you will be greatly satisfied with their work. The price they tell you is the price you pay.

Working with Re-Bath has been the most thoughtful experience that I have ever had in dealing with contractors. I greatly appreciated how quiet and polite the workers were.

Re-Bath is an excellent company. The prices are high, but the quality of labor and materials shows why the cost is high. We have used the company twice and will not only recommend it to others, but will likely use it again. Do be prepared to wait a bit for the construction to begin. Timing was more like 8-10 weeks instead of the 6-8 that we were told.

The workmanship was excellent and everyone I dealt with from the sales person to the installers to the glass shower door hanger were very polite, friendly and professional. I would certainly recommend ReBath to any of my customers looking to remodel.

From start to finish Re Bath performed flawlessly. Their showroom provides good examples of their product and makes it easier to decide which direction to go with a remodel. The estimator was knowledgeable and efficient. The price quoted at time of estimation was exactly the price paid at job completion except for a couple of changes that Re Bath cleared with us which enhanced the project and did not materially alter the final price. Re Bath's installers are true craftsmen as the finished product attests to. I feared this project would be a nightmare of delays and price hikes. My wife and I are thrilled with the result and unreservedly recommend Re Bath.
