S&G Roofing did a great job on our roof! Owner and his work crew are very professional, on time and did not stop til the job was finished. Would recommend this company to anyone looking to have a new roof put on and done right.

S & G Roofing delivered a beautiful roof for our home. The entire process flowed smoothly from initial consultation to final cleanup. On project day, the entire installation crew executed like a drill team (nonstop demo, prep, install, cleanup). A project leader remained on site all day and kept us apprised of progress and sought our approval for any tactical decisions. His goal was to ensure that the highest quality was maintained while keeping the team on schedule. Best yet, they got it all done in 1 day and the price was lower than their competitors. Give them your roofing job and you will not regret it.

We had three of four weeks of weather delays. They fit me in as soon as they could. The crew was courteous and they showed up when they were suppose to. They did a fantastic job, they were friendly and knowledgeable. We were still able to live while they worked. I was extremlly pleased with the process.

Oct 24, 2018

I called and spoke with Paul. He actually came out for the first meeting later in the afternoon/early evening that worked for my schedule. He took the time to answer my questions and go over everything with me on a much more detailed basis than any other company I had called for a quote prior. Paul told me he would be there on the scene as there were issues with mold in my attic. He absolutely was there. Everything was done on time. I called them with an issue with a piece of equipment coming through the ceiling into the home. He was very professional and took care of that. He kept in contact with me to have people come to take care of it free of charge. Basically, the overall workmanship and peace of mind after dealing with Paul will cause me to absolutely refer them to anyone looking in the Capitol district.

First our roof came out Amazing! The crew did an amazing job installing and cleaning up after. We felt very confident in this company completing such an important job for us. Paul answered all our questions and explained everything thoroughly, which made us trust him and this company to do our roof. The price was great and I was happy that they used Owens Corning Materials. I would recommend them and hire them again for any future projects if needed.
