We couldn't say enough great things about Shannon Short and his crew. We had some difficult issues with a rotting support rafter under our kitchen that was causing the floor to sag. I had gotten some outrageous estimates, but Shannon and his crew raised the floor and cut out the old rotten rafter and replaced it perfectly. They fixed it quickly and repaired the minor cracks to the walls that occurred with the raise... all for less than was quoted by other contractors. They did an amazing job!!! Shannon spends time talking with you and you never feel he is rushing you or that he is in a hurry (even though we tested about 8 different house paint colors before deciding, and he actually helped us choose!) . He truly wants the customer to be satisfied and he is frequently on he job site and personally oversees the workers. I can't say enough great things about this company!!! Our house looks GREAT now!We highly recommend him to our friends and neighbors!

I couldn't be happier with the quality or the workmanship. I've used other contractors in the past and I have never been as happy as I have with this group.

Comment from Short Construction / SCI Construction

Thanks a lot Terry, it was a pleasure working with you as well!
