Our new asphalt house roof and aluminum roof deck covering complete the look of our house. The process could have been simpler and smoother with better communication and we will definitely ask more questions with the next vendor/supplier we use for any household upgrades/repairs.

This was my second time using Southern Windows and they have always beat competitors pricing and quality!! I have used two other companies to compare with.

My windows work great. These windows are great. They are easy to clean, they slide back and forth. These windows I can clean from inside my house. That's what I like about them the most. They are designed to lock and you cannot break in through these windows like my old ones, and I like that a lot.

The salesman, Noel, was very knowledgeable. Southern Window & Siding did everything we agreed too. The windows were just what we ordered and they operate beautifully. The installer did an exceptional job. The entire project took less time than I thought it would. The installer even did extra work in order to make sure my windows looked good and fit well. We are very well pleased. Southern Window & Siding did excellent job.
