I have weekly pool service and I also did a pool remodel a few months ago. I love my new pool. The staff is very responsive if you have any questions or issues. I would definitely recommend them.

We inherited Stewart Pools when we bought the place five years ago. Aaron and his staff have always been friendly and professional in all our dealings. The service techs have all been polite and willing to talk when I engaged them. We own an older pool and I have considered doing the weekly maintenance myself, but when things break or malfunction they are out here fixing things straight away so it makes sense to us to keep the weekly service.
