They did not fall short in any areas. There were some issues, however, they found ways around it, or fixed it, or replaced whatever it was. It was perfect for us.

I was most satisfied with the product or shingles. It is a really good product. They handled it great. Everything looks really, really nice. We had them put on new gutters. The house just really shines.

I heard about TightSeal Exteriors & Baths at a Garden and Home Show in some small town somewhere. They had a booth. We were impressed with what they talked about and what they recommended. It was how they related to us. We had them come out to the house to give an estimate. We decided to go with them. This is the second roof we have had put on. I think this roof is better than the first one.

We love our new roof! They put in new vents that we needed. It looks gorgeous. The vents are really, really helpful.

The entire team of tight seal were very professional. Also there personal/friendly approach to customer service was outstanding. You could certainly tell their goal was customer satisfaction. They returned and modified a hole in a shelf to fit a razor. That is going the extra mile with personal customer satisfaction.
