I was very pleased with them. Any issue that I had with other contractors, They were able to solves. They did it in a timely fashion with quality. They are also great to work with for a go between for insurance companies. We tried with four other contractors and they were the best.

Turnkey is the best. We worked with both Jake and Spencer who were both timely and responsive to any of our questions and concerns while replacing our roof and siding including exterior lighting and some fascia and gutter replacement too. Turnkey does exactly what they promise upfront, which is top-notch workmanship and homeowner satisfaction. They kept the process very simple for us as well as offered great advice for some exterior changes we made during the replacement. I will always recommend Turnkey to anyone looking for a good, honest contractor and will not hesitate to use them again.

Arianna was great to work with, answered all my questions about the siding products and process. She showed a strong willingness to work with me to help accomplish my goals for the siding project. Spencer was very fair when adjusting the price to include some needed repair work, and also went the extra mile to facilitate a last-minute change in the project. They both kept me in the loop as to what would be happening when. Serge and Alex worked hard completing the project, kept the work spaces neat, finished a bit ahead of schedule, and created a beautiful result. I highly recommend Turnkey!
