The 3M solution works beautifully and our great room's temperature is now finally stable throughout the day. Money well spent and we plan on putting on more on other west-facing windows. The company and staff were professional, showed up on time and were done in the estimated time they told me. No complaints.

They did everything right, from beginning to end; and quickly. Too soon to tell how effective the "3M-Prestige 70" is on 3 sets of French doors it was installed on, but the owner and installer assured me that it would make a big difference and I trust their judgement. I also found some testimonials on the internet regarding the product that were very positive in terms of performance. This outfit gets an A+ from me.

UHS was wonderful. The owner is knowledgeable, courteous and does what he says he will do. He listened to what our goals were by tinting our windows. The installers were great. I would highly recommend using UHS and will probably use them again for more windows.

This is the second time I have used United Home Solutions, and I cannot recommend them highly enough. A company owner made the initial visit each time to offer me a bid. They listened to my needs and discussed what solutions would be best rather than needlessly upselling me. The work crews were efficient, extremely polite, and very skilled. A minor factory issue with a set of blinds was corrected on the spot by a 10 year veteran who knew how the blinds worked, inside and out. A job well done and my satisfaction were clear goals for the entire UHS team.

THE PROFESSIONALISM AND COMMUNICATION SKILLS OF MATT ERBRICK THE OWNER, TAMMY HIS RECEPTIONIST, AND ALAN AND KYLE, MY TWO IN HOME INSTALLERS, EXCEEDED MY MOST ARDENT EXCEPTIONS. The 3 M product has solved many of our very sunny and glare problems in some of our rooms.. I appreciated the suggestions given to us about adding privacy film to our porch sun room too...It is much nicer there now.. The team installing the product were very efficient and professional...I would certainly recommend them to others.

Good people. Very honest about the scope and limitations of the product. Also, I overpaid \$100 and didn't notice till they called me afterward to bring it to my attention and figure out the refund.
