"wow" Why would you use anyone except Weathersafe. I had some concerns about the roof they installed in July of 2019, Mike and Travis were out the next day. after their inspection they determined there were some technical and installation problems. Without me even asking they decided to completely remove the 38 squares at no cost to me. Could not be more satisfied with the completed job one week later.

Will never refer weathersafe to anyone. My roof was horrible trying to get it repaired after the contractors screwed it up. Yes windows and siding was better but then again the told me they were looking for an electrion to come out to put back on my lights. They found no one....wierd how I could find a ton of 5 star ones in my town but ended up having my dad out. Dont waste your time with them weve told all our friends, family and friends of friends. Josh our sales man was AMAZING to work with, Weathersafe the company is horrible.

Comment from Weathersafe Restoration Inc.

Danielle, I apologize that your roofing project didn't go as planned, however, we're glad that we were able to resolve the roofing issues. We're also very pleased to hear that your windows and siding projects went well. Thank you for your feedback. Have a wonderful day and thank you for your business!

With the amount of work being done in the area from the storms they worked hard to get everyone back to normal again. They are hard workers!
