Scott and the team at AquaDuct are fantastic! We've worked with Scott on a few different projects - service, materials, and staff are top-notch every time. Any questions we have Scott takes the time to answer and always is willing to help with insurance, product warranties, etc.

AquaDuct Roofing & Gutters replaced my roof and gutters, which were damaged by a hail storm. I chose them based on recommendations from a friend, as well as how they handled the initial project estimate. I explored several other companies, but AquaDuct spent the most time on the estimate and were the...

Scott (owner/operator) did an amazing job completing our ENTIRE insurance claim. He coordinated the efforts of not only the roof but also window repairs, water damage repair (drywall/paint) and even corrected an issue in the attic. The claim process was difficult to navigate but Scott was very professional...

I believe Scott has been doing gutter work at least since the early 70s. I, and most of my immediate neighborhood used Scott and AquaDuct twice now for two major storms that rolled through this neighborhood over about 15 years. Scott and AquaDuct have always been organized and professional. He has...

AquaDuct did a good job on my roof and gutters. When a home inspection revealed a 5/8" discrepancy in the gutter slope, they came out and adjusted it for no charge, which, to me, is an indication of an effort for total customer satisfaction
