Atlantic Wraps is a fabulous family business that provides a pristine professional product. There are many admirers of my new wrap, due to the stylish design and superior quality work they performed. I'm proud to show off their work!

I would never go anywhere else. The staff is phenomenal and they always get my items done way before I even expect them too. They work very hard to make sure things are done right. Highly recommended!

The company is great. They made me feel right at home, while delivering exemplary work, customer service, and the whole nine yards. If I had it to do all over again, I would choose those guys hands down.

They were very nice, timely, and did a professional job. My only problem is my door handle keeps coming unwrapped.

Atlantic PinStriping Co. provided excellent quality on the work that I requested. They gave me some professional recommendations to get the results that I was looking for. The striping really made a difference in the appearance of my car. Very professional and knowledgeable in the art of paint protection and pin striping.

If you're looking for quality work for a really good price point look no further. Mike and his team will execute exactly what they say they will. If you don't understand how the process works, they'll explain it to you so you both have the same expectations. In my opinion this is what sets them above the others in this business. They won't say "yea we can do that" when it can't be done. They ensure expectations are set then exceed them.
