★★★★★

Bires Remodeling is the most professional general contractor I have ever worked with. Dean is highly organized, an excellent communicator and most importantly, has a very fine quality of workmanship. Dean and all of his sub-contractors were knowledgeable, professional, courteous, neat and detail oriented. The project was on time and on budget. The result was a fantastic new kitchen!

I was totally pleased with the work and would definitely recommend them to anyone. In this day and age, it's refreshing to find a craftsman who tells you what he'll do and complete the task. Integrity is there byword.

Bires Remodeling is the most knowledgeable remodeling company I've ever worked with. Dean's expertise is very high quality; he has a passion to do his work to perfection and no shortcuts. His communication was always clear and concise; I always knew what and when to expect the next phase to begin and end. His crew is very professional and all business; no silliness.

The professional way in which Bires Remodeling went about managing our project exceeded our expectations in every way. I was very pleased with the fact that he said what he would do and he did it just as he said he would. No balony, no smoke, just straight talk and action. We could not be more pleased with our Master Bath remodel. Everyone one of our friends have been in awe of the results. Two thumbs up!
