My new kitchen is even more wonderful than I anticipated it would be. The design team paid attention to every detail and asked questions that helped them design the very best kitchen for me. Their measurements and plans were flawless. I enjoy every moment I spend there.

They provided us with fantastic service. They followed through on all of the agreed upon goals. Our kitchen designer was enthusiastic and was detail oriented and we were extremely happy with her.

GUILDMEMBER SINCE 2011

As a GuildQuality Guildmember, Cabinets & Designs Incorporated relies on our customer surveying to help them deliver an exceptional customer experience.

We had a very complicated remodel situation which required alot of time and planning to ensure every cabinet was properly sized for each space. This process must have been very stressful for Ashley at C & D, however we never felt this. She designed kitchen and bathrooms to perfection.

We have surveyed customers on behalf of Cabinets & Designs Incorporated in Houston, TX; The Woodlands, TX; Hockley, TX; Germantown, TN; Richmond, TX; and Bellaire, TX.

We have done 6 different remodeling jobs at our present residence, bathrooms, exterior landscaping, etc. The kitchen remodeling was the hardest to tackle, but Cabinets & Designs, Inc. made it the easiest and most enjoyable of all the projects we completed. We would not recommend anyone else for this type of project. It would probably be very hard to find a more professional firm for this type project !

Cabinets & Designs provided an excellent product with their Brookhaven Line. It's everything that the salesman/designer promised it would be. The cabinets are of the highest quality, and the workmanship was superb.
