We had several leaks on our roof due to the recent storms and they came out the same day! The repairs look great and we'll be calling on them again!

They were very knowledgeable in the elements and how they affect the roofing of the house and the materials that are out there. They are extremely knowledgeable as to how they stand up to the elements in our area.

I knew Wesley was in town and that he checked on his crew to keep them on task, he did everything I wanted to do.

Wesley was great and had his team do a really good job on our roof. He offered a very good value of product and work. I would highly recommend Cannon Roofing to anyone needing a new roof.
