I regret ever hiring this company and the remodel job from beginning to end (and beyond) has been a terrible experience. They misrepresent themselves as experienced and professional but they are not equipped to do larger jobs and make many errors that drive up the cost and project completion, and pass the costs of their error onto the customer. They are rude, antagonistic and unresponsive to customer's concerns. Would not recommend them.

The biggest compliment I could give Cartage Home Remodelers would be if I had to do it all over again, we would choose them again.

I was extremely satisfied with the quality and workmanship provided with the remodeling of my kitchen, family room, 3 baths and basement. Each room began with a complete demolition (down to the studs) and build out, including electric, plumbing, fixtures, wood and tile flooring, etc.

This is the second time we've used Cartage Home Remodelers and we could not be happier. Maria and Chris are THE best.

They listened to our ideas and followed through very responsibly. We would readily hire them for any future projects.
