Jim and Frank are master craftsmen at their job, and they did a fantastic job. You can't ask for better timing as far as the length of the job. It took them less time than anticipated. They did it in a professional manner and it added value to our property. They did fantastic and I can't say enough about them.

Champion did a good job. The windows that I had already were installed by another company, and those were terrible windows. As soon as I get this debt paid down, I'm going to have them do the rest of the windows in my home.
