Brandon, the sales person, was very polite and I never felt pressured to make the purchase. He was very knowledgeable about the sliding glass doors and the installation process. Chase and Sergio, the installation team, were wonderful. They were so polite, professional, and clean. I was very impressed. The work they did was impeccable. I would recommend Champion Windows to everyone.

There is still a problem that this office has not been back to complete or fix the problem. Water seeping through the cement. Until this is fixed, i can not give a good rating. They are suppose to complete everything, not leave a problem wide open and not finished. In my opinion, there rating is zero * star. There is no excuse for the job not to be totally completed.

Champion builders went beyond my expectations in completing our sunroom. They put this room up more than sturdy which was nice compared to the Four Seasons room that was nothing but a huge problem the whole time it was up, leaking, cracking very loud when hot, etc etc. Just junk compared to the Champion.
