bobb,Julie and wren(?) and his installation partner were great! special kudos to wren and his partner for their great experience in dealing with the nuances of this particular installation. also to Julie for her accurate (the 1st time) initial measurements, and her quick response to wren on installation day for more needed materials. thanks to all and it looks spectacular.

I had Champion Windows install in the past ,with no problem all done quietly and quickly. The 2 that came to mine home were polite. But I found them slow. I am judging this on past experience with installation by Champion. But in the past I used Champion of Madison. Then when I thought the work was done , I heard a crash and when i turn around I saw a leg of one of the two men has when thru my ceiling. Later damage was found in another room. I can only hope there is no more damage that was done and not noticed. Yes, the damage was repaired that was noticed.

Really enjoyed out experience with Champion Windows! Very satisfied with the overall experience. Only issue is that the border that they installed around the inside of the window did not quite line up correctly; felt like they just "ran out of time" to do it right at the end. From the outside, the window looks great and the cleanup was flawless. Would recommend Champion Windows to all our friends and family.

I would just simply say that Champion's windows, so far, seem to be working out well. They seem to be more durable and more dense than some other windows we saw. Also, they are an ethical company. They did what they said they would do, when they said they would do it. I would recommend them.

Jay, John, & Ethan were friendly, courteous, efficient, & knowledgeable with the product. When Cincinnati designed our sunroom with the wrong door, Jay was prompt on getting us the correct door & windows as per our contract. We definitely appreciated the guys' efforts every day. If there is a flaw, we have yet to discover it. Way to go everyone!! We enjoy our sunroom nearly everyday.??

Champion WINDOWS are good. I am not yet sure on the lasting quality of the siding and the service I received from them is crap so I will not be using Champion for this house or any other in the future.

Bernard Saffold was pleasant, personable, and I liked him. I wasn't happy with Vlad who controlled the sale, showed no flexibility in the final price. I felt that since I had 12 Champion windows and needed to have the final three replaced, he recognized that I would want to have all Champion windows and he used this to his advantage. My prior purchase was for 3 living room windows last December and cost me \$1,425, yet my 2 kitchen windows and a dining room window cost \$2,750 even though smaller windows were involved. This was explained a cost increase, almost 50%, that's quite a hike. There was no negotiation/flexibility, and I had no choice because I wanted all 15 of my windows to be the same. His sales approach was this is it. In my previous 2 purchases, there was flexibility.
