The experience was fantastic from start to finish. From the first meeting, when they came up with ideas that we hadn't even thought of, we knew Tom and his team were good at what they did. We originally were only going to redo our kitchen and master bath, but as the work progressed, we asked them to make changes to our other two bathrooms also. They worked with us to get the work done at the same time, and to find cost cutting ideas to keep our budget reasonable. All the workers were professional, friendly and cleaned up at the end of each day. Our project manager Amanda was always available for the smallest of questions. Their customer first attitude permeates throughout their team. I highly recommend Adalay Cabinets and Interiors!

We used Adalay for our kitchen remodel. We looked at multiple vendors in area and felt Adalay had the best overall quality of materials. As with an project, there are little things that come up - and the Adalay team handled them all. Everyone involved was pleasant and competent. No drama or negative personalities. We are thrilled with the result. Highly recommend them.
