After dealing with horrible contractors is the past it was so awesome to work with American Building Contractors. They treated us and our property with respect and went above and beyond to complete the job to our satisfaction. There was no high pressure sales or rush to make decisions.

Great people from sales to foreman to laborers! Initial foreman showed up too early as we're a family and trying to get kids off to school etc. Both he and later foreman were good to work with.

ABC was the only contractor we felt was honest and trustworthy. We'd tried other local contractors right after the storm hit and we were taken advantage of and they refused to rectify the problems.

They came out quickly and got the job done same day. The workmanship was also good.

It was not easy for ABC to stick to their schedule due  
to the weather but they did an excellent job.
