Fresh Coat Painters did a good job. There was a misunderstanding about what type paint we wanted and we didn't realize it until after they had painted the entire house. We were on a tight schedule and Jerry had a team come in and repaint the entire house right away. We appreciate his standing behind his work.

Very professional experience! Round one was the exterior and Jerry May and crew did a great job in a very reasonable timeframe. Round two will be next and that will be the interior. Coming after some remodeling work. Freshcoat of Auburn will get that business too. Don't overlook Freshcoat if you want the job done right the first time!
