Fresh Coat painted the interior of my home several years ago and I was so impressed that I used them for the exterior. They provide a room by room estimate breaking out the material, and labor for ceiling, walls, trim etc. My wife and I painted a few walls to reduce the cost. They pressure washed the exterior before they began prepping and then finished up within a few days. They guarantee their work and they returned almost a year later to address areas that needed attention. They are a bit higher but I am confident in their work and their guarantee.

This is a great local company, with great quality people, and a great value. After hiring a few different painters, Freshcoat is the only painting company we will use now. They are truly top-notch. They go out of their way to make everything good. I highly recommend.

Good company. Our second time having Fresh Coat do a major job for us. Complete interior paint. Very accommodating and professional. They worked around our schedule so we could still live in the house during the process. The house looks great. All minor issues resolved. On time and what they quoted. The owners and management are here daily to check progress, answer questions and help coordinate. The crew are great. They earned our business.

Comment from Fresh Coat Painters of Buford

Thank you so much for the kind words! We are honored and humbled that you chose Fresh Coat. LAN Crleton

Jun 06, 2019

Fresh Coat did a fantastic job on the exterior of our house. We had the exterior painted and lots of rotting wood trim replaced. From start to finish, they were great to work with. Fresh Coat worked with us on our budget and responded quickly to all of our (many) questions and was patient with us as we made decisions. Betsy was very helpful in guiding me with color choices. The whole crew was incredibly hardworking was on time every day, very friendly, helpful, and kept everything organized and clean. We love the finished product and will hire them again for future projects.

Jefferson, GA
May 21, 2019

I would highly recommend them. They are completely professional and beyond friendly from start to finish. The salesman came in and really worked with us on what we needed to do with our house and gave us recommendations on what we should and shouldn't have done. There were some things that we wanted to do and they let us know that we didn't need to do those and it saved us some money. Betsy was amazing. We had a text string in communication with her. We even called her when they were painting our house and asked for recommendations on how we should paint certain with our garage door and other things. She was really great in helping us figure out exactly how we needed to paint our house and what colors. She even recommended a different paint color to paint the inside of our windows which turned out perfect. Israel and the rest of the painters were very professional, worked really hard, worked really hard to get the job done and got the job done very professionally with great quality. We were really really happy with the job that they did.

This is our second time using Fresh Coat of Buford. We have been completely satisfied both times. The owners and staff are very friendly and communicated effectively to keep us updated as delays happened due to weather. Their work is thorough, neat, and always of good quality. We highly recommend using them on any painting project.

Jan 29, 2019

From start to finish, everyone at Fresh Coat was professional, extremely knowledgeable and provided excellent quality work and products. I couldn't be happier with the outcome. The program they used to measure and quote was top notch and they were on time with everything. The person who came to give the quote was super knowledgeable, efficient and courteous. They even have someone to help you pick paint colors and she was spectacular! Everything was inspected by management after the work was completed. I highly recommend Fresh Coat Painters of Buford!
