Fresh Coat Painters did an outstanding job on our kitchen cabinets! The cabinets look brand new just as if they were purchased in this color (Sherwin Williams Alabaster). The painters were very professional and polite and did a great job with answering questions while also going above and beyond with the quality of work that was delivered. We would recommend them to anyone looking into having home painting projects!

This company was professional, communicated well, and very attentive. There was no question if they would be there daily to get the work done. I was updated every step of the way and never had to contact them on my own to obtain any information. From the initial estimate to the completion of the product, this group blew us away. This was the second job we had FreshKote do for us and will definitely be the top of our list for any further projections in the future. Don't waste your time with other companies!

Recently had fresh coat to paint my red brick home grey. Extremely impressed with the job. They arrived on time and did a quality job. I've had several compliments from neighbors, family, and friends about how great the house turned out. It completely changed the look. Would highly recommend for any exterior or interior painting.

I was extremely pleased with my Fresh Coat experience! Everything went along as planned and the staff was very professional in all dealings. The men who did the actual work were wonderful! They cleaned up everything each day and were punctual in coming in the mornings. They were also delightful to work with!. I was more than pleased with the finished job and my experience with Fresh Coat. I would highly recommend them and will use them again in the future.
