Fresh Coat did a great job. They showed up on time and cleaned up so that I could open on time everyday. They worked nights and kept me open. Their work was awesome. My restaurant looked so fresh and clean when they finished. They gave me an estimate the same day they visited the site. They made sure I was fine with any additional work and promptly emailed me any additional cost before they did the work. They were very professional.

Quick and efficient team completed the job in roughly 14 hours. However, there were multiple imperfections, missed spots, paint on intercom wall mounts and damage to the paint on my trim. Notified them on the issues, and they resolved "some" of the imperfections. For the price, and quality work they tote, you'd figure they would get it right the first time.

We were most satisfied with the painters themselves. They were super friendly, very courteous, we had kids in and out of the house and they were great with all of it! It felt like that was the best part with their professionalism and their friendliness!
