The staff was very helpful in our project. In our
project we has a number of wood trim around our
windows that had aged to the point it needed to be
replaced. They came to our house and made many
repairs prior to painting the house. They did an
excellent job and craftsmanship in doing these repairs.
Once the repairs were completed, they painted all
surfaces, caulked all the windows and put the house in
A-1 condition. The completed work was
accomplished in three days, on budget, at a very
reasonable cost.

Bret is a professional who takes care of his clients. I
did have to wait to get on his schedule but I wasn't in
a rush to get my job completed so the timing was
perfect. Would definitely recommend Bret and his
team as the "go to" place to have your painting needs
accomplished.

Lacey and the crew at Fresh Coat Painters were great! I needed a space painted quickly and they were able to assess my space, quote a fair price, schedule their painters and meet my deadline. Based on their expertise they picked the paint colors for me and the space looked beautiful. I would highly recommend them, I know I will use them again in the future.

They are the best! Their quote/pricing system is fair and user friendly. You know exactly what you are getting. They painted our new house and exceeded our expectations. Then, they helped renovate this old house with a fresh look. Our house was on the market 4 days and we had 7 offers on that last day. We would give them more stars if possible!

I highly recommend Fresh Coat Painters of Flower Mound. They painted several rooms for us and repaired and textured ceiling drywall for a portion of our master ceiling, as well as painting the ceiling. The painting job was fantastic, as was the ceiling drywall repair. I will use them again!!

Fresh Coat Painters of Flower Mound are an exceptional painting company. Their owner is organized, detail oriented with a goal of satisfying the customer. They painted our outside stucco walls and spent more time covering up the non-painting areas than the actual time to paint. They also ensured we used the highest quality stucco paint. I would recommend them for any painting job.

I can't brag enough about the experience I had with this company. I needed my deck pressure washed and re-stained. Jack, the owner, came out to give me an estimate, as well as being there the entire time during the project. Jaime, his painter, was so very nice and did a great job! I would highly recommend this company to anyone needing any kind of painting done. They go the extra mile to always do it correctly the first time. Their website that you receive when they quote the project is even top notch!
