Excellent work, I am happy with the quality of the job and was continually kept informed of the status of the project, including changes to the schedule due to weather delays.

My husband and I are extremely happy with our paint job. Our entire main floor was completed in a timely and professional manner. We can't wait to get our upper level painted and will definitely go back to Fresh Coat. Our painters were professional and communicated extremely well so that everyone was on the same page.

I am very pleased with the job Fresh Coat did on my kitchen cabinets. The crew assigned to my job were professional, friendly, and straight up with the challenges they had with the cold temperatures and the primer/paint taking longer to dry than anticipated. My kitchen looks amazing, thank you!

Fresh Coat did a great job! They even had a manager stop by for a once over when the project was almost done, and had any touch ups done before the job was marked complete. Great communication by staff at all steps in the process.

They did a great job! The paint job was professional, the care they took around plants and shrubs good, the clean up was well done without residual trash left behind. We had a problem and it was resolved quickly and to my satisfaction.

After talking with many painting contractors over a one year period, we stumbled onto Fresh Coat. We immediately had a good feel about them. Their quality work and good long-term reputation speaks volumes as to why we will recommend them to others in the future.

Great company! Used them during the COVID time to repaint our office! I was very impressed with everyone involved with this business. Kevin, who dealt with my quote/pricing, was awesome. Their quotes are emailed and very easy to understand. He was able to work me into my (and their) timeline to get the job done quickly during our closure. Kevin always got back to me right away. Then there was Angel (and his crew), the painter, who did an AMAZING job and was very detail oriented. He even wanted to caulk the edges to give a more professional look (I appreciated that extra step that I hadn't even thought of). And lastly, Jason, our project manager, did the final walk through with me to make sure that everything was up to my standards!!! He was very professional and a pleasure to work with. If anyone is looking for a painter, definitely get a bid from this company! Thanks FreshCoat for making my office look so beautiful! What a difference a fresh coat of paint can make!!! My staff and customers love it!!!!!!!!!!!!

From beginning to end our experience with FreshCoat Painters was fantastic. Kevin did a very thorough job quoting the work we needed done and was very receptive and flexible on several changes that we wanted to add to the original work. Jason was on top of all the ongoing work and was on top of quality and any concerns that we had. And Alana did a great job of communicating the billing and options we had as well as making adjustments as we expanded the original work. Can't wait to work with them again in May.

Our project did not go the way I had hoped. The quality of the painting was good but we ran into an issue between Fresh Coat and the team of painters, that negatively impacted our project. The reason I would not recommend Fresh Coat is because of the way they communicated and handled the project when things didn't go well.

Very good quality of workmanship. Professional from the start on through the last day of painting. The only short coming was it took them a few weeks to come back and do the touch ups on a few minor things that weren't done perfectly the first time. But they were always pleasant to work with, and I definitely recommend them.

Our project was extensive. It involved removing popcorn ceilings and resurfacing them, and then painting the ceilings and walls in a 1100 or so square foot space. We are delighted with the results. Although a project like this always involves some disruption to daily routine, the painters, Adrian and Hector, along with Jason May, the project manager, kept things as tidy as possible. The price was fair. The work was done well. All the interactions we had with staff at Fresh Coat, at every level, were professional and friendly. We would not hesitate to recommend them, and would use them again when we need painting.

There apparently was a communication issue between management, the painting crew and home owners. The painting crew did not do the job as specified in the contract with lack of adequate prep, missed areas, shoddy application and the results were extremely poorly done. Management only was involved after complaints were expressed.
