I was so happy with my initial consultation that I didn't even bother receiving other quotes from other companies. They were able to get my project done within a week of our meeting. Everyone is so pleasant and super friendly. It's been about 3 months and I am still impressed at the quality of work on the faux wood finish on the front door. It looks awesome.

We selected Fresh Coat because their estimate process was the most thorough and in the end the best price of 3 bids. They did not shy away or try to steer us to an easier-to-apply ceiling finish. They did a smooth coat finish for the same price as a knock down finish of other companies and we are very pleased with the look. We had a very tight schedule to prepare the house for move in and they made it happen despite the size and scope of the job.

Dear Andrey, I just wanted to tell you what a great job you all did for me this week, removing the popcorn ceilings and painting them in my new Florida condo, and that it was a really positive experience. It looks fantastic! You guys are great. You made it all look effortless, but it was a lot of work and the guys did a really super beautiful job. Sebastian and Diego do amazing work and they are a great team. I really appreciated it and I am recommending you to everyone I see! You did a great job with everything as well, and it ran really well and very smoothly, and that takes a lot of skill to make it all look that easy. Thank you again, and I would highly recommend Fresh Coat Painters of Pembroke Pines to anyone wanting to remove their popcorn ceilings and give their homes a fresh, new, contemporary look. All the best, Denise M. of Deerfield Beach, FL
