I was really impressed with how quickly they got it done. They said that they would take 2 weeks but they got it done in a week and a half. They pushed to finish it. They even came on a weekend.

I was also impressed with Darren's itemized estimate for the painting work. He brought his computer with him into our home and also explained how his business with his painters is a "partnership." I found that very rare in this day and age! Thank you, Darren and good luck!

I would like to recognize Jonathan and Nick for their special talents and taking such care with the painting in a small area. They were neat and quick and very polite!

I was most impressed with Darren's accessibility...He was so easy to talk to on the phone, and I was amazed that he answered the phone every time I called with a question...I only left a message once, and he promptly returned my call...That is so rare these days!

We just had Darren and his staff paint our kitchen. Their work was excellent! They took away our cabinetdoors and the doors came back feeling and looking as smooth as glass! Darren answered the phoneevery single time I called him...The best part is that I had forgotten that I had given him a deposit andhe reminded me! Good luck with your expansion, Darren!

Professional, detailed quote provided. Willingness to come back and repaint an area where I had inadvertently made a long scratch when rehanging art work.

We were moving in to a new place and had very little time. Darren and crew actually did the work the day after we contracted with them. Were profrssional, expert, and pleasant.
