Great team! They came early and stayed late into the evening to finish painting the exterior of my house before the rain! Very polite and clean crew members. Mr. Estrada communicated with me during the entire process and checked in regularly on the progress of the work. I definitely will use them again. I highly recommend their services!

The painters did an excellent job and were very careful to not get paint on our new floors. I was asked to inspect the job and approve the quality of the work before paying for the work. Very professional. I have already scheduled another project with them.

I needed my home interior painted so that I could put my house on the market. I requested a quote from Fresh Coat. Erick promptly responded and provided a reasonable estimate to paint walls, baseboards, trim and ceiling. Erick's crew got started on the job the day after I moved out. And since I wasn't there to see the progress, Erick kept me updated by sending pics daily. Not only does the house look great, they completed a day early! It was under contract in less than 18 hours after putting it on the market.

We worked closely on the project but still had some last minute changes that they handled easily and without complaint. I could not be happier with the final paint job on my outside trim. It has completely changed the look of my house to my great satisfaction.
