Fresh Coat Paint of Sandy consistently arrived for appointments exactly as promised. We are familiar with various products and were immediately impressed with their choice of products. The painter arrived precisely at the appointed time with the rep from Fresh Coat. He was very neat and clean with regard to his work. It was performed on a timely basis and the workmanship was excellent. We do not hesitate to recommend Fresh Coat of Sandy.1

Paul was our main painter and he did a great job. He missed a few things but was always willing to fix his mistakes and communicated the next day's plan at the end of the current day. They had another guy come out that was a bit more sloppy and messy just in appearance, timeliness, and in some work that Paul had to clean up. We're really happy with them though! Would use again. Justin is a great project manager and coordinator- made the experience what it is!

Carlos and Randy were great! Timely each day and kept us updated on our project. Brent and Justin dropped in to check in on things as well as make sure all was going well. They painted our entire first floor and the master bed/bath area and upstairs hall. It all looks amazing; would definitely recommend Fresh Coat Painters!

I had the opportunity to use two painting companies for the projects necessary concerning my home. I learned quite a bit from the first experience, which helped me greatly in choosing a second company for the finishing. Fresh Coat was a pleasure to work with, very impressive. I would wholeheartedly recommend this company.

Fresh Coat Painters of Sandy was great to work with! Their bid was the best of the several I received, and that was using the highest quality Sherwin Williams paint. The painter, Pat, was awesome! He did great prep work and was very detailed and professional. I had my kitchen cabinets painted along with the walls, ceiling, and trim of my kitchen, family room, living room, and halls. It all turned out better than I had hoped. I highly recommend Fresh Coat Painters!
