I called Fresh Coat Painters to quote me to paint my kitchen cabinets. They came at the scheduled time and gave me a quote shortly after. While there Steven asked me if i needed anything else quoted and i mentioned we would need the basement painted too after i had it refinished. He also gave me a price for that. The kitchen paint job has completely changed my kitchen and modernized it. The basement is now drywalled and finished. The staff were real friendly and professional. They cleaned the site daily and were very professional. I would definitely use them again.

Fresh Coat did a nice job on the exterior of my home. They subcontract the work, so I can't say how good all of their work could be.
