Fresh Coat went above and beyond my expectations. They came into a fully furnished home and removed my popcorn texture from my ceiling while covering or moving items to keep from damaging them. I have cathedral ceiling which was no problem for this talented crew. They even bumped my schedule up to start my walls when another customer moved their job so I didn't have to wait between completing my ceiling and starting the walls which I added after they finished my popcorn ceiling. Great group of folks to be around.

Danny, Sarah and crew did a fantastic job fixing some wood rot, replacing a door and painting the outside of my home. Sarah came over and helped up match up the colors we already have, she did a fantastic job giving us some suggestions for color choices. The crew was very respectful and kept the yard clean throughout the project. I highly recommend them!

From start to finish, Fresh Coat Painters was a pleasure to work with. The team sent to our home did a great job, were very courteous and kept our home as clean as possible (removal of popcorn ceilings); however, it was the management team that made the difference, They came by nearly every day to check on the work and to make sure we were satisfied....this went a long way with us.

Fresh Coat removed the popcorn ceilings from my whole house. I was concerned about the mess but they were very efficient at containing the debris and repainting the ceilings. I have natural wood beams in the great room and they did a great job keeping the beams free of gunk and paint. They moved furniture as needed and were respectful. I highly recommend them.

Both Danny and Sarah were great. We worked mainly with Sarah. She is extremely helpful and made the process easy for us. They are the most organized and professional painting contractor we've ever dealt with. They arrived right on time, EXACTLY, each of the 3 days they were in our house. They said it would take 3 days and they finished right on schedule. They delivered a very high quality service. I would enthusiastically recommend them to anyone.

I was very satisfied with the paint job in my entire downstairs. The popcorn was removed from the ceilings in the entire downstairs and everything was given a fresh coat of paint. Fresh Coat Painters are great to work with and I would highly recommend them to everyone. I had a couple of spots that needed touchup and they came right back and fixed the issues.

On-time, considerate, and protection of my furniture and painted area. Spent a lot of time making sure pain coverage was complete and any light spots covered. I had them painting ceiling and I have a large kitchen island and I did not want anyone standing on the granite. They brought in scaffolding to span the island. Estimate was exactly the final bill. Strongly recommend.

Fresh Coat Painters did a great job doing the inside painting of our rental home. They were on time & finished the next day. Sarah even sprayed a spot on the popcorn ceiling when I asked what could we use to take of the spot. The small bathroom had peeling paint on the ceiling & looks new after scraping it & painting. I would definitely refer them to others.

Fabulous customer service, affordable pricing and top notch painting. We could not be happier with the final result. They painted two areas of new carpentry full of nail holes and seams. They spent quite a lot of time doing prep work and it absolutely shows in the final product.
