Vicars Roofing was professional, responsible. The staff was communicated effectively with emails and texts. The roofing crew was polite, took care of the property, did a god job communicating the effort and shared their progress with us. They answered all my questions right way and politely. Ronnie did a good review of the job, corrected all minor issues and completed the project to my satisfaction. We would strongly recommend him to our friends.

We had a slight problem because of a rain storm that hit during the job. They took extra care not only to protect the exposed portions of the roof, but then to ensure the conditions were right for them to continue with installation after the rain was passed. They did a great job for us.

Vicars Roofing was the most reasonably priced shingle installer among the 5 contractors we received quotes from. They kept in contact with me the whole time even though our date got pushed back some due to the weather. The crew was amazing!! They kept everything so neat and clean and made sure there were no leftover nails and went above and beyond to make sure our outside area was safe. They were so fast as well. we had somewhat of a complicated roof (I think) and they got the roof done in 2 days! It was a great experience overall!!

Vicar's Roofing was excellent in all areas and the one thing that really impressed me was they kept our yard spotless while they were doing this and that is something you don't find a lot. They will clean afterwards, but not while they were working. They were quite neat and efficient.
