I had dreaded my kitchen renovation due to the upheaval, but DreamMaker staff made it really easy for me! Paul D my designer was right on target with his design selections and Paul C the owner was outstanding and meticulous in his attention to detail, as were his workers. They were courteous, pleasant, kept to schedule AND budget. Clean up was awesome. Renovations are hard for owners. We fear disruption. To have a company that makes the process relatively painless AND has great results is a "Find" indeed! I recommend them highly.

Enjoyed working with DreamMaker in remodeling my kitchen. Everything went as planned and they finished earlier then expected, kept within my budget and were easy to work with. Hope to work with them again in the future.

Certainly Paul Devanna for his insights and assistance with the design work and selections; and John who managed the entire construction process , along with the team, Don and Warner, who made every effort to make the 5-week kitchen remodel easy for us, despite the necessary disruption. All in all, a friendly, professional and high quality experience working with each member of the company!

They did a very excellent job in a short period of time. They were here when they said they would be.

COMMENT

Additional Comment
Aug 17, 2015

I was very impressed with the quality of the work. One thing that's important for a lot of homeowners is that DreamMaker Bath & Kitchen didn't start the job until they had everything that they needed to complete the job. There was no waiting for parts to come in because they had everything before they started. I've spoken with other homeowners who have had issues with that with other companies.

The whole DreamMaker Bath & Kitchen staff was great. Tanja, our designer, gave us several choices. We actually had three areas done, and for each she gave us several choices to do what we wanted. Everything was done exactly the way we wanted it.

The electrician was also very helpful and professional, from the 1st moment. In fact they day he came to discuss the plans with Paul, he noted a problem with the wiring coming into the house and addressed it that same day.

DreamMaker of Newington made our dream of new kitchen come true. They were very professional in every phase of the project. During the time they worked on our project we also had to deal with putting our dog down and they were very considerate of that. We highly recommend them, everyone associated with the project was very kind and helpful. Jon the construction manager, as a "surprise" even made a trivet with the extra backsplash tiles. Outstanding all around!!!

REVIEW

A renovation of one's home is a big endeavor, a stressful endeavor. The homeowner is dealing with an unknown resource (any contractor) and that is scary. The media of today harps on the negative aspect of contractors, lawyers, and financial people, thus making one's decision even more tenuous. Our research in this project (contractor and products) was sound, but could DreamMaker deliver was always a question in back of our minds? A resounding yes! Yes they can and do deliver a quality product! DreamMaker is the standard and has set the bench mark for all to follow. No discussion, we would use and recommend them to all in the future without any reservations.

Glastonbury, CT
May 27, 2014

Overall, from first meeting, through design, pricing, contract and construction, we were extremely pleased with the professionalism and competency of the company personnel, and most importantly, with the on-time, on-budget delivery of the new bathroom!

REVIEW

Joe W.
Durham, CT
May 25, 2014

We had a small, inefficient kitchen and we were disappointed with the designs we had seen from other companies that did little to improve the workflow. DreamMaker suggested significant changes to the floor-plan and said they would coordinate all phases of the project including new flooring throughout most of our house. The finished result looks amazing! We feel like we have a whole new house and probably have four times the counter space we had before, and the project was finished ahead of schedule!

COMMENT

Additional Comment
Feb 21, 2014

DreamMaker actually started on the day the promised and finished about a week ahead of schedule.

COMMENT

Based on my experience over two projects (bathroom and kitchen) I would highly recommend Paul and his team at Newington DreamMaker Bath & Kitchen. Paul and his staff are all professional and customer focused. Both projects were completed exactly on time, with no surprises. The overall quality was excellent. My experience with this team exceeded my expectations. I would not trust any of my remodeling projects to anyone else!

Jan 30, 2014

Total remodeling of a bathroom is a big undertaking. Total remodeling of "two" bathrooms is a 'major' undertaking. Selecting a company to do the work you need/envision is always a " I hope we selected the right" one type of experience. We selected the right one. Dreammaker Bath & Kitchen are true professionals, that follow through with what they say they will do, on time, and on budget, and make improvements as they go with no "nickel and diming". I highly recommend them for any bathroom remodelings - outstanding company and people!!

Our kitchen remodeling was performed with careful and exacting workmanship and design assistance with a courteous, professional and talented staff. The work was completed slightly ahead of time, in time for Thanksgiving as promised, and it was within the budget. We are very pleased with Dream Maker's work and have recommended this company to numerous friends.

Don and Sean, who did the installation work on our master bathroom project , were extremely knowledgeable, neat and courteous. The quality of workmanship that they provided is exceptional. They were very helpful in offering suggestions that really helped to enhance the design and function of our new bathroom. The finished bathroom exceeded our expectations! We are so pleased and would recommend DreamMaker to any one who is considering a remodeling project!
