We used Fresh Coat as a wall-repair and painting subcontractor on our garage re-do project, as the main garage contractor requires clean, painted, hole-free walls as a starting point and we had an old beat-up 1964 garage. Fresh Coat came in and demolished the old garage cabinets and patched and painted all the holes in the wall and repainted everything really nicely. They even uncovered a spot where the prior owner had driven their car through the wall of the garage and covered it up with a piece of cement board and a shelf. Fresh Coat was able to quickly cut the section out and do a very nice large drywall patch that was flawless and the wall looked virgin new. The painters were great and on time, neat, and very professional. The manager Andy coordinated everything perfectly and was involved personally in every phase. Best of all, after the main garage contractor finished putting in all the new floor and new storage, Fresh Coat came back at no charge and did touch ups to put in the final finishing touches. I am very satisfied with these guys and they are for sure going to be asked to bid on all our painting needs in the future. Highly recommended.

We only had a small bathroom that needed to be painted and my wife really wanted me to just paint it myself. For once I was right! Hiring Fresh Coat was the best decision I've made this year. The job was done WAY better than I could have done it with more care than I could have possibly given it myself.

Fresh Coat did an almost whole house interior painting for us in 2019 and did superb work with an excellent crew. We were very satisfied with their work. We moved to a new-construction house in late 2020 and hired Andy and Bob and their crew to paint the entire interior. Excellent job! Five months later we decided to add millwork and other architectural details and we hired Fresh Coat again. More excellent work. We may decide to do more painting here. Fresh Coat is the only company we would considering hiring.

Prompt estimates. Efficient and accommodating scheduling. Pleasant staff from owners to other staff. And they **MAKE NO MESSSES** and they clean up so you'll never know they were there (except that you'll have beautiful walls).

Bob and his crew did a great job transforming our house! The house had not been updated since it was built. Fresh Coat painted the entire 1st floor and upstairs hall, along with all the trim and doors that were originally stained wood. It looks completely new inside. They did exactly as they quoted and were flexible with us. Their colorist also was an extra value that we were able to take advantage of.

Fresh Coat Painters of Fox Valley are very professional and always do an excellent job. This is the 2nd time I have used them. The first time was to paint an entire townhouse and repair a damaged wall and the second time was to paint the main rooms in my house and paint my wood trim and wall of wood shelves white. I was very nervous about having my woodwork and shelves painted but I trusted Fresh Coat Painters with this big job and I am very happy with their work. It was very detailed work and Bob, Andy and their team are very detailed oriented and good are good at what they do. And they did it all in time for Thanksgiving and the holidays. The house looks amazing! Thank you Fresh Coat Painters of Fox Valley!

Was pleasantly surprised at the quality of the job at reasonable pricing. Were very cooperative and did an excellent job. Crew were polite and cooperative. Needed to redo a few areas and repaint areas, they were fully acknowledged the changes and fixed everything we wanted. I will definitely contact them to paint my interior when I am ready. Great, polite and knowledgeable and reasonable. Would highly recommend FreshCoat.

The project from quote to finish was done professionally and the end result was that our home now looks as good as new. It is unfortunate that Mother Nature is not cooperating causing the staining of the deck to be delayed. We are coordinating with Robert so that the first weather opportunity that arises they will be out to stain the deck. Fresh Coat painters of Fox Valley is highly recommended.

We originally had them quote some major interior work, which is on hold for now. We had them stain the cedar siding on the back of our home. It looks great. All holes and cracks were caulked before 2 coats of stain. I highly recommend them, and am looking forward to my interior work soon!

Save your time, look no further, hire this company! They are honest and very skilled. "Save your time, look no further, hire this company! I first hired Fresh Coat to paint the outside trim of our home beginning a trusted relationship that grew into multiple home projects. Every home owner knows how hard it is to find and hire dependable, professional, and skilled craftsmen to have in and around your home. Bob, Andy and Maurice are professional, communicate completely about arrival time, work in a very timely manner, and are clean during and after the projects. They gave me their cell phone numbers and I have asked them questions or advice, and they have helped me. I have had them install wood trim in two rooms, paint vaulted ceilings and walls inside our home, apply tile to backsplashes and do various drywall and ceiling repair. The walls are flawless! They have saved me money by suggesting ways to finish more than one project without selling me into more work. Who does that anymore?! They are honest and very skilled. Since I keep hiring them to do each new project, I obviously recommend this team highly." S. L.
